

## 1. Introduction

This document communicates the small changes made and bug fixed after the latest stable release.

## 2. About This Hotfix

The main reason for this hotfix release was the reported History View time period filter bug fix, in order to gain a more stable version of the product while keeping the pace of introducing new features and improvements in later releases.

## 3. Compatible Products

This product has been tested on the following platforms or with the following products:

- Latest version of Chrome (Desktop)
- Latest version of Mozilla Firefox (Desktop)
- Latest version of Microsoft Edge (Desktop)

## 4. Upgrades

No upgrades have been introduced with this hotfix.

## 5. Changes

No changes have been introduced with this hotfix.

## 6. Fixes

Custom time period filter issues found in History View have been fixed. When selecting a month before January, users will no longer be presented with 00-month value.
